Re: **Ex Parte**
MM Docket No. 99-25

RECEIVED
OCT 28 1999
FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Dear Ms. Salas:

Jeff Baumann, Lynn Claudy, Jack Goodman, Mark Fratrack, Lori Holy, and the undersigned met with Commissioner Gloria Tristani and Rick Chessen on October 25, 1999. The topic of discussion dealt with the above-captioned proceeding – the FCC's Notice of Proposed Rulemaking dealing with the creation of a new, low power FM radio service.

We presented educational background information on the FCC's current 2nd and 3rd adjacent channel protections and the interference that currently exists due to short-spaced channel assignments. We then explained the NAB study submitted as part of the NAB's initial comments filed in this proceeding. We explained specifically the methodology used, why the methodology was selected, and the study's results.

Feel free to contact me with any questions you may have.

Sincerely,

A handwritten signature in cursive script that reads "Karen Fullum".

Karen Fullum
